			04.06.2012

Current and detailed information about our courses can be found on our homepage: www.roman.ch

Our emphasis is on [company courses](#).

With this form of training, special attention is paid to the individual requirements of the company!

Internal company courses begin with careful course planning. After a meeting, we will provide a detailed course sequence according to your wishes. The program, the duration, the type (e.g. workshops), the dates and the venue are arranged to suit your requirements.

Please do not hesitate to contact us!
